

Ten Things You May Not Know About Me

1

I have to create something daily

I took as many art classes as I could in school. Watercolor is my favorite medium.

2

I am in it to win it

All I ever wanted was an unfair advantage (see photo)

3

Solitary or Team Sports?

Solitary. Golf, tennis, track, cross-country skiing, kayaking.

4

I co-founded a finance company

Pro-Lease, Inc. grew to ten employees in eight states over thirteen years. This is where #2 came into play.

5

Coffee or Green Tea?

Both. Black coffee in the a.m. then green tea with coconut oil throughout the day.

6

I worked in law enforcement

The low point was having to frisk a girl I went to high school with after she was arrested for DUI.

7

Sun and sand or snow and ice?

Tropical island over a ski chalet. My favorites are Bermuda, Peter Island and Pine Cay in the Turks.

8

Horseback riding is not for me

I tried it, once. The horse was more interested in eating leaves. Did I mention the flies and the smell?

9

I failed my first driving test

The first time I got behind the wheel wasn't until I started driver's ed. The instructor was mortified!

10

I skipped high school graduation

I left high school when I earned enough credits. They mailed my diploma when I did not attend the ceremony.
